

**BIOINFORMATICS AND SYSTEMS BIOLOGY GRADUATE PROGRAM
CURRICULUM CHECKLIST**

Please deliver the completed form to the Bioinformatics & Systems Biology Graduate Program office, PFBH 141, MC 0419, bioinfo@ucsd.edu

Student name: _____ PID: _____

Term entered (e.g., FA17): _____ Track (circle one): BISB BMI

Today's date: _____

- Please list the courses you've taken to satisfy the program's requirements.
- If you're taking a course now or you're preregistered for next quarter, leave the grade blank.
- If a course was either approved or waived by petition, indicate that in the Comment column, along with the approximate date the petition was approved.
- Please check the program website or catalog for updated requirements, as this form may become out-of-sync (new courses, changes in course numbers, etc.).

Normal deadlines:

- 1st year spring: 3 rotations completed, and on-track with other requirements.
- 2nd year spring: core classes, colloquia, student research talks, and ethics should be completed before or in the quarter of the qual exam, usually spring of 2nd year.
- Electives (started 1st year) and TAships (usually started 2nd year) before advancing to candidacy.

Core classes	Term(s) (e.g., FA17)	Units	Grade	Comment
BENG 202/CSE 282				
BENG 203/CSE 283 (for BISB)				
MATH 283				
MED 264 (for BMI)				
4 th core course #:				

Course number	Term(s) (e.g., FA17)	Units	Grade	Comment
Electives				Elective area (e.g., CS-1)
Colloquia (6 quarters BNFO 281 or MED 262)				
Student Research Talks (6 quarters BNFO 283)				
Ethics (one of BNFO 294, SOMI 226, or BIOM 219)				
Ethics Refresher (4 years later)				
Rotations (3 quarters BNFO 298)				Rotation mentors
TAships (2 qtrs BNFO 500)				Course number and instructor you TA'd for

Sign upon completing exams	Student's signature	Date
2 nd year qualifying exam	_____	_____
Advancement to PhD candidacy	_____	_____
Thesis defense	_____	_____
